

中国·江苏 第六届国际产学研合作论坛
暨跨国技术转移大会

The 6th China Jiangsu Conference for
International Technology Transfer and Commercialization (CITTC)

CITTC
2018

November 8-10, 2018 Nanjing, China

Invitation

Dear Sir/Madam,

Located in the Yangtze River Delta on China's eastern coastal area, Jiangsu is one of the regions in China with the most rapid economic growth and the highest level of openness and dynamics. In 2017, the GDP of Jiangsu exceeded USD 1,300 billion and the total volume of import and export surpassed USD 600 billion, both taking the leading place in China. Its economy has steadily shifted from high-speed growth to high-quality development.

Jiangsu has strong science and research capability with rich talent pool, well-developed S&T facilities and intellectual property rights protection system. Its regional innovation capacity is at the forefront in China. With a tremendous industry foundation and enormous market potential, the province has become an important manufacturing base in China. Jiangsu companies are very active in technological innovation and international exchange, with an intense demand for cutting-edge technologies and a strong capability of commercialization. Meanwhile, Jiangsu has developed many mature and applicable technologies in areas including agriculture, public health, new energy and is willing to establish mutually beneficial cooperative relations with overseas partners.

Since 2008, Jiangsu has successfully organized five sessions of CITTC and the conference has become one of the branding events of international innovation cooperation and exchange in China. Ministry of Science and Technology of China (MOST) and Jiangsu Provincial Government have decided to jointly hold the 6th CITTC in Nanjing on November 8-10, 2018. Focusing on the theme "Open Innovation and Win-win Cooperation", the conference will include plenary session, technology briefings, workshop on belt and road innovation cooperation, B2B meetings, site visits in Jiangsu, etc..

We cordially invite you to attend the conference and look forward to hosting you in Nanjing this November.

WANG Qin

Director General

Department of Science and Technology, Jiangsu Provincial Government
